The International Exchange Committee Board members invite you and the institution where you work as a Physical and Rehabilitation Medicine specialist, to participate as a host in the International Exchange Program which is part of the International Society of Physical & Rehabilitation Medicine (ISPRM). We also invite you to provide information on potential hosts in your country, in order that we can invite them to participate in this program as well.

The International Exchange Program serves as a central clearing house for unique educational and learning opportunities in Physical & Rehabilitation Medicine (PRM), across all continents. We believe that exchanging information regarding the practice of PRM will strengthen our field. The International Exchange Program facilitate placement of medical students, residents, faculty physicians and allied rehabilitation professionals in global voluntary didactic rotations.

To facilitate placements, we request that you complete the attached survey of the PRM opportunities that are available in your institution. This information will be made available to potential candidates for placement.

Sincerely,

Bryan O`Young, MD
Chairman of the International Exchange Program, ISPRM

Sam S.H. Wu, MD MA MPH MBA
 Continental Director of North and South America, ISPRM

Amparo Assucena, MD
 Continental Director of Europe and Africa, ISPRM

Dong-Feng Huang, MD
 Continental Director of Asia and Oceania, ISPRM
